HotFix

Type	Reference	Description	Users Who Benefit
Bug	MMTC-1300	Chart validity should be 4 months after chart is reviewed: Medication charts are valid for 4 months following review. The system has been updated to reflect this timeframe, reverting from the previously applied 6-month setting. Any affected charts have now been aligned with the correct 4-month review period.	AUS
Bug	MMTC-1314	Removal of the End Date field in the Add Medication screen for S8's	AUS
